-- The MAILING DATE of this communication appears on the cover sheet with the correspondence address --

**Period for Reply**

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

**Status**

- 1) ☒ Responsive to communication(s) filed on 10 January 2006.

## DETAILED ACTION

### ***Continued Examination Under 37 CFR 1.114***

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 1/10/2006 has been entered.

### ***Response to Arguments***

2. Applicant's arguments with respect to claims 1-10, 12, 14-28, and 31-44 have been considered but are moot in view of the new ground(s) of rejection.

### ***Claim Rejections - 35 USC § 112***

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:  
  
The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.
4. Claim 24 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.
5. Claim 24 inquires *about the address about an address of the home page*. Applicant is requested to clarify if this is a typographical error or if there is an address about an address that needs to be searched in the prior art.

### ***Claim Rejections - 35 USC § 102***

6. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Art Unit: 2145

7. Claims 1-10, 12, 14-28, and 31-44 are rejected under 35 U.S.C. 102(b) as being anticipated by Lee et al. (U.S. Patent No. 5,742,769).

8. In regard to claim 1, Lee disclosed *a data base relationally storing at least the old address, the new address, and an address disclosing condition capable of setting a condition whereby the changer judges whether to give permission to disclose the new address based on attribute information about the inquirer*; (column 4, line 63 – column 5, line 6; column 6, lines 33-67; column 7, lines 1-50) *a means for searching the new address corresponding to the old address and the address disclosing condition from the data base when the inquirer sends an inquiry including the old address*; (column 7, lines 36-50) *a means for making the changer confirm whether the new address is disclosed when the address disclosing condition in searching includes the set condition*; (column 7, lines 36-50) *and a means for informing the inquirer of the new address when the changer permits the disclosure of the new address*. (column 7, lines 45-50).

9. In regard to claim 2, Lee disclosed *the data base includes a list of specific inquirers who are refused inquiries about the new address, the system, further comprising a means for refusing an inquiry from the inquirer included in the list*. (column 5, lines 42-65; column 6, lines 1-7; column 6, lines 48-67)

10. In regard to claim 3, Lee disclosed *the data base relationally stores a plurality of old addresses and one new address*. (column 6, lines 16-19).

11. In regard to claim 4, Lee disclosed *the address disclosing condition is allowed to be set on each of the plurality of old addresses in the data base*. (column 6, lines 16-47)

12. In regard to claim 5, Lee disclosed *the old address and the new address each include at least one sort out of an electronic mail address, a home page address, a telephone number, an address, and a residence*. (column 3, lines 1-5; column 5, line 33; column 6, lines 16-21)

13. In regard to claim 6, Lee disclosed *a means for informing the inquirer of the new address of a predetermined sort according to the sort of the old address included in the inquiry sent from the inquirer*. (column 7, lines 36-50)

Art Unit: 2145

14. In regard to claim 7, Lee disclosed *a means for sending the message text to make the changer confirm whether the new address is disclosed according to the selection of the changer.* (column 7, lines 36-50)

15. In regard to claim 8, Lee disclosed *an address data base, in which a registrant registers his or her own address, relationally storing an address disclosing condition for an inquirer who wishes to know the address of the registrant;* (column 4, lines 63 – column 5, line 6; column 6, lines 33-67; column 7, lines 1-50) *a disclosure judging means for judging whether to disclose the address to the inquirer based on the address disclosing condition when the inquirer makes an inquiry about the address of the registrant;* (column 6, line 48-67) *and an address disclosing means for disclosing the address of the registrant to the inquirer if the disclosure judging means judges that the address is disclosed, wherein the disclosing condition includes information about inquirers to whom the address is disclosed or not disclosed, wherein the disclosure means includes a confirming means for making the registrant confirm whether the address is disclosed to the inquirer when the inquirer who inquires about the address is not registered in the inquirers in the disclosing condition, and wherein the confirming means informs the registrant of the attribute information about the inquirer at the time of confirmation.* (column 7, lines 1-50)

16. In regard to claim 9, Lee disclosed *the address data base stores one, or two or more old addresses of the registrant, and wherein the disclosure judging means receives the old address of the registrant in the inquiry about the address of the registrant from the inquirer and acquires the address disclosing condition of the registrant by searching the address data base with this old address.* 9column 6, lines 16-21; column 7, lines 1-50)

17. In regard to claim 10, Lee disclosed *the address data base stores attribute information about the registrant, and wherein the disclosure judging means makes the inquirer select a registrant about whose address an inquiry is made by presenting at least a part of the attribute information about a plurality of registrants when the plurality of registrants are searched with respect to the old address.* (column 5, line 28 – column 6, line 67)

Art Unit: 2145

18. In regard to claim 12, Lee disclosed *the information about the inquirers to whom the address is disclosed or not disclosed includes information that the address is disclosed or not disclosed to all of the inquirers or only a part thereof.* (column 6, lines 16-67)

19. In regard to claim 14, Lee disclosed *a profile of the inquirer.* (column 6, lines 48-54)

20. In regard to claim 15, Lee disclosed *an inquirer attribute information storing means for previously storing the attribute information about the inquirer;* (column 6, lines 50-54) *and an inquirer attribute information registering means for accepting registration of the attribute information from the inquirer when the attribute information of the inquirer is not stored by the inquirer attribute information storing means.* (column 6, lines 50-54)

21. In regard to claim 16, Lee disclosed *the confirming means allows a part or all of a message to the registrant received from the inquirer to be sent to the registrant.* (column 7, lines 9-12)

22. In regard to claim 17, Lee disclosed *the confirming means includes a disclosing condition registering means for receiving a confirmation result from the registrant and registering the inquirer in the disclosing condition as an inquirer to whom the address is disclosed or not disclosed.* (column 7, lines 26-50)

23. In regard to claim 18, Lee disclosed *the disclosure judging means refuses to disclose the address to the inquirer when a response to a confirmation requested by the confirming means is not obtained from the registrant before a predetermined deadline.* (column 7, lines 1-50)

24. In regard to claim 19, Lee disclosed *a means for informing the registrant that the inquirer made the inquiry about the address.* (column 7, lines 26-35)

25. In regard to claim 20, Lee disclosed *the address is an electronic mail address.* (column 7, lines 26-35)

26. In regard to claim 21, Lee disclosed *the address is a home page address.* (column 8, lines 1-12; "business address")

27. In regard to claim 22, Lee disclosed *the address is a telephone number or an address/residence.* (column 8, lines 1-12)

Art Unit: 2145

28. In regard to claim 23, Lee disclosed *a storage medium; and an inquiry instructing means, stored in the storage medium and started based on the return of an electronic mail because its destination is unknown, for instructing the computer system to inquire of the system for making the inquiry about the address about an electronic mail address of an addressee of the electronic mail.* (column 7, lines 1-50)

29. In regard to claim 24, Lee disclosed *a storage medium; and an inquiry instructing means, stored in the storage medium and started based on the impossibility of display of a home page because its destination is unknown, for instructing the computer system to inquire of the system for making the inquiry, about the address about an address of the home page.* (column 7, lines 1-50)

30. In regard to claim 25, Lee disclosed *a home page displaying means for instructing the computer system to display the home page concerned in the address based on the disclosure of the address by the system for inquiring about the address.* (column 7, lines 1-50)

31. Claim 26 is substantially the same as claim 8.

32. Claim 27 is substantially the same as claim 9.

33. Claim 28 is substantially the same as claim 10.

34. Claim 31 is substantially the same as claim 14.
